ACCOUNTING (ACCT)

ACCT 201 # - Fundamentals of Financial Accounting  
3 Credits
Prerequisite(s): WRIT 105 or HONP 100. For Accounting Majors only except by permit from the Department Chair. This is an introductory course in financial accounting from a preparer perspective. The theoretical foundation and basic accounting terminology is addressed. The course will enable the students to perform the entire accounting cycle from analyzing basic accounting transactions to the preparation of the basic financial statements including the balance sheet, income statement, statement of stockholders' equity and statement of cash flows. The course will enable students to critically analyze accounting information. 3 hours lecture.

ACCT 202 # - Fundamentals of Managerial Accounting  
3 Credits
Prerequisite(s): ACCT 201. For Accounting Majors only except by permit from the Department Chair. The course covers the use of accounting information for internal planning, controlling and decision making. The course introduces basic concepts of management accounting including cost classifications, product costing, cost-volume-profit analysis, operational budgeting, standard setting and performance evaluation, decentralization, relevant costs and decision making. 3 hours lecture.

ACCT 204 # - Fundamentals of Accounting  
3 Credits
Prerequisite(s): WRIT 105 or HONP 100; Not open to BS Accounting Majors. Special fee. This course provides a foundation for non-accounting business majors. Topics covered include both financial and managerial accounting from a user perspective. Students will be exposed to the four financial statements and ethical issues in accounting along with other accounting reporting issues in the financial accounting phase of the course. Managerial accounting focuses on generating accounting data for internal business decision-making in today's increasingly competitive and complex business world. Students need to become familiar with the use of accounting data for both investment and credit decisions as well as strategic decision making for firms' operation. Major topics covered include financial statement analysis, budgeting, accounting-based decision making, and performance evaluation. 3 hours lecture.

ACCT 301 # - Intermediate Accounting I  
3 Credits
Prerequisite(s): ACCT 201; Accounting major students only except by permit from the Department Chair. This course builds on material presented in Fundamentals of Financial Accounting. Students acquire an improved understanding of the composition and significance of various segments of income statements and balance sheet, particularly related to current assets and various income statement revenue and expense items leading to an improved understanding of the preparation of various aspects of the financial statements as well as an enhancement of their ability to critically evaluate financial statements. 3 hours lecture.

ACCT 302 # - Intermediate Accounting II  
3 Credits
Prerequisite(s): ACCT 301; Accounting major students only except by permit from the Department Chair. Corequisite(s): ACCT 304 with permission from the Department Chair. Special fee. Continuation of Intermediate Accounting I. Students acquire an improved understanding of the composition and significance of various segments of the income statement and the balance sheet, particularly non-current assets, liabilities, owners' equity, and earnings per share leading to an improved understanding of the preparation of various aspects of the financial statements as well as an enhancement of their ability to critically evaluate accounting and its impact to the international community. 3 hours lecture.

ACCT 304 # - Contemporary Issues in Intermediate Accounting  
3 Credits
Prerequisite(s): ACCT 302 (ACCT 302 may be taken concurrently with the approval of the Department Chairperson). Accounting major students only except by permit of the Department Chairperson. Special fee. In-depth discussion and analysis of traditional intermediate financial accounting topics as well as recent developments in accounting valuation and reporting practices. Course builds on topics discussed in Intermediate Accounting I and II leading to an improved understanding of the preparation of various aspects of the financial statements as well as enhancement of their ability to critically evaluate financial reporting. This course is designated as the writing requirements course for the department. 3 hours lecture.

ACCT 305 # - Taxation for Individuals  
3 Credits
Prerequisite(s): ACCT 201; Accounting major students only except by permit from the Department Chair. Special fee. The purpose of this course is to introduce students to a broad range of tax concepts and types of taxpayers to emphasize the role of taxation in the business decision-making process. Coverage includes on a broad basis the taxation of individuals and a brief introduction to corporate taxation. 3 hours lecture.

ACCT 307 # - Cost Accounting  
3 Credits
Prerequisite(s): ACCT 202; Accounting major students only except by permit from the Department Chair. This course examines the development of theory, concepts and techniques for providing, using and reporting cost information within the organization. Topics discussed include process costing, activity-based costing and management, cost allocation, inventory management and capacity analysis, Theory of Constraints management and control of quality costs, transfer pricing, profitability analysis, tactical decision making and corporate social responsibility. 3 hours lecture.

ACCT 309 # - Accounting Information Systems  
3 Credits
Prerequisite(s): INFO 173 and ACCT 201; Accounting major students only except by permit from the Department Chair. Special fee. Accounting information system development will be studied with emphasis on systems analysis and design, form design, internal controls, and proper documentation. The course will expand on several typical AIS application systems including the revenue cycle, the procurement cycle, and others. 3 hours lecture, 1 hour lab.

ACCT 310 # - Taxation of Business Entities and Advanced Tax Concepts  
3 Credits
Prerequisite(s): ACCT 305; Accounting major students only except by permit from the Department Chair. Special fee. The purpose of this course is to follow the ACCT 305 tax course, Taxation for Individuals. This course will introduce students to a broad range of tax concepts dealing with the taxation of corporations, partnerships, and S corporations and will emphasize the role of taxation in the business decision-making process. Coverage includes on a broad basis the taxation of corporations and their shareholders, the tax treatment of pass through entities such as partnerships and S corporations and their owners, tax consequences influencing the choice of business entity, income taxation of estates and trusts, and estate and gift taxation. 3 hours lecture.
ACCT 312 # - Principles of Corporate Controllership 3 Credits
Prerequisite(s): ACCT 202, ACCT 302 and FINC 300. Accounting major students only except by permit from Department Chair. Special fee. Connects the Controller’s responsibilities as operating officer and management accountant with the management of the firm’s working capital. Topics covered in detail include working capital components; managing cash, receivables, payables and inventory; cash budgeting; short-term financial planning; managing bank relations and cash transactions; basic risk management of credit and foreign currency. 3 hours lecture.

ACCT 400 # - Auditing Theory and Practice 3 Credits
Prerequisite(s): ACCT 302, ACCT 309 may be taken as a prerequisite or corequisite; Accounting majors (ACCT) only except by permit from the Department Chair. Special fee. The course is the first of two courses that focus on various types of audits performed by accountants in public practice. Specifically the requirements for audits, compilations, reviews and other type of engagements are addressed. The role of the auditor and related professional responsibilities are discussed. The content of this course is structured for individuals who wish to enter the public accounting profession. 3 hours lecture.

ACCT 401 # - Advanced Accounting 3 Credits
Prerequisite(s): ACCT 304. (ACCT 304 may be taken concurrently with approval of Department Chairperson.) Accounting major students only except by permit of the Department Chairperson. Special fee. Advanced Accounting is an upper level course in the undergraduate accounting curriculum. It is an in-depth study of accounting problems for affiliated business enterprises and multinational corporations. It deals with business combinations of two or more business entities. It involves combination and consolidation of financial statements for multi-affiliated corporations. It concerns intercompany transactions between parent and subsidiary companies. The aim is to measure the operating results and financial position for these complex operations. The course further investigates the accounting problems associated with foreign transactions, translation of foreign currencies and hedging activities of an international business enterprise. A high level of knowledge and sophistication in accounting techniques is required for understanding the course material. Relevant pronouncements of the authoritative accounting profession are greatly emphasized. 3 hours lecture.

ACCT 403 # - Advanced Auditing 3 Credits
Prerequisite(s): ACCT 400. Accounting major students only except by permit from Department Chair. Special fee. This course is a continuation of ACCT 400, Auditing Theory and Practice. Auditing sampling and other type of engagements are addressed. The role of the auditor and related professional responsibilities are discussed. The content of this course is structured for individuals who wish to enter the public accounting profession. 3 hours lecture.

ACCT 404 # - Senior Seminar in Accounting 3 Credits
Prerequisite(s): ACCT 400; ACCT 401 (may be taken as prerequisite or corequisite.) Accounting majors only except by permit from Department Chair. Special fee. This course is a comprehensive course in accounting integrating concepts from different functional areas such as Financial & Managerial Accounting, International Accounting, Taxes, Auditing and Accounting Information Systems. The course will require students to apply their analytical skills to research and recommend solutions to unstructured and open-ended problems closely based on current issues facing businesses. This course will utilize cases from various sources, involve oral and/or written presentations, and will emphasize the importance of working as an effective team member. 3 hours lecture.

ACCT 475 # - Independent Study in Accounting 1-3 Credits
Prerequisite(s): ACCT 302 or ACCT 304 or ACCT 310 or ACCT 312 may be taken as prerequisite or corequisite. Special fee. Independent Study consists of research, readings, or other scholarly investigation work at the advanced level. Scope, depth, area of concentration and credit to be arranged upon entry into course. Offered by arrangement. May be repeated for a maximum of 6 credits.

ACCT 502 # - Managerial Accounting 3 Credits
Prerequisite(s): ACCT 530, MBA degree students only, not open to any student with an undergraduate accounting degree. Special fee. This course examines the development of theory, concepts and practices of providing information for use within the organization. Cost concepts and classifications schemes, the use of accounting information for internal decision making, static and flexible budgeting for managerial control and activity based costing techniques are among the topics covered. 3 hours lecture.

ACCT 506 # - Internal Auditing 3 Credits
Special fee. This is an introductory course in internal auditing. Emphasis is placed on introducing the importance of the internal audit function in today’s business environment. Different types of internal audits are presented with an emphasis on operational audits, risk assessment and assisting management in achieving its objectives. Career opportunities for internal auditors are explored. 3 hours lecture.

ACCT 508 # - Governmental and Not For Profit Accounting 3 Credits
Prerequisite(s): M.B.A. or M.S. in Accounting degree students only. Special fee. This course reviews the accounting and reporting concepts, standards and procedures applicable to the Federal government, state and local governments and not-for-profit institutions such as universities and hospitals. 3 hours lecture.

ACCT 510 # - Accounting Information Systems 3 Credits
Prerequisite(s): ACCT 530; or undergraduate degree with concentration in accounting; MBA or MS in Accounting degree students only. Special fee. Examines the theory and practice of developing and maintaining accounting based information systems. Systems development techniques, system control and documentation are emphasized. Transactional, data-based distributive and electronic data exchange concepts are developed. The auditing of computer based systems is structured. 3 hours lecture.
ACCT 524 # - Auditing Concepts and Techniques 3 Credits
Prerequisite(s): ACCT 520; Not open to any student with an undergraduate degree in Accounting. Special fee. A course in auditing principles, theory, design, and techniques. Theory, practice, and techniques are integrated through the use of current auditing problems and student performance of a simulation audit of selected financial statement data. 3 hours lecture.

ACCT 525 # - International Taxation and International Management Accounting 3 Credits
Prerequisite(s): ACCT 530 or undergraduate degree with concentration in Accounting; M.B.A. or M.S. in Accounting degree students only. Special fee. This course deals with the impact of international taxation on U.S. multinational corporations doing business abroad, foreign corporations doing it in the U.S., the U.S. residents working abroad, and nonresident aliens working in the U.S. It further concerns the tax rules for controlled foreign corporations and foreign sales corporations. The course also studies the aspects of international management accounting. It investigates the inflation accounting system in the world and the performance evaluation in multinational corporations. In addition, it covers the transfer pricing methods and investment analysis for multinational corporations. Related professional pronouncements and Internal Revenue Codes are integrated into the course content. 3 hours lecture.

ACCT 526 # - Fraud Examination 3 Credits
Prerequisite(s): Undergraduate degree in Accounting. Special fee. The course will cover the principles to be followed and techniques to be adopted to detect and prevent fraud especially in corporate context. Students will gain knowledge and ability to decipher the presence of fraud. Students will learn how to analyze and implement various types of fraud prevention and detection procedures. The course will provide a broad understanding of several major related topics such as skimming, larceny, billing schemes, check tampering, payroll schemes, corruptions and fraudulent financial statements, interviewing witnesses and occupational fraud and abuse. 3 hours lecture.

ACCT 527 # - Forensic Accounting 3 Credits
Prerequisite(s): Undergraduate degree in Accounting. Special fee. The roles, responsibilities, and requirements of a forensic accountant in the litigation environment. Emphasis on how to review, detect, and investigate possible financial statement concerns of public and private companies. Topics covered include: elements of financial statement fraud; management’s and auditor’s responsibilities, financial statement red flags, earnings management, and investigative strategies. Actual litigation and fraud cases will be discussed to highlight the evolving roles of forensic accountants. 3 hours lecture.

ACCT 528 # - Business Valuation 3 Credits
Prerequisite(s): Undergraduate degree with concentration in Accounting; MBA or MS in Accounting degree students only. Special fee. This course provides an in-depth discussion and analysis of the financial statements of companies in order to determine the fair market value of a firm. The fair market value of the companies studied will be estimated by students as they learn to de-code information contained in financial statements. The course focuses on the ability to critically evaluate the key drivers affecting a company’s value utilizing accounting information. In addition, the business valuation techniques introduced provide the opportunity for empirical testing of the valuation procedures using accounting data. 3 hours lecture.
ACCT 530 # - Financial Accounting  3 Credits
Special fee. This course is a study of basic accounting concepts and their significance to the financial analyst and manager. Problems relating to income determination, valuation, reporting and analysis are stressed. Alternative conceptual foundations of reporting standards are presented and information evaluated. Previous course ACCT 501 effective through Spring 2012. 3 hours lecture.

ACCT 540 # - International Accounting and Auditing  3 Credits
Prerequisite(s): ACCT 530 or undergraduate degree with concentration in Accounting; M.B.A. or M.S. in Accounting degree students only. Special fee. This course deals with the measurement of operating results and financial position of multinational corporations involving transactions with foreign currencies. It focuses on the system of foreign exchange markets and the transaction gains or losses due to changes in foreign exchange rates. It teaches the techniques of foreign currency translations. It concerns the foreign exchange risk management in hedging activities. The course specifically investigates the risk aversion tool of forward exchange contracts. It also explores international accounting standards and accounting systems in other countries and the current developments in the harmonization process. Finally the course will focus on the role of internal and external auditing in the international context. 3 hours lecture.

ACCT 542 # - Comprehensive Issues in Public Accountancy  3 Credits
Prerequisite(s): Baccalaureate degree in accounting. Special fee. This course is an overall and extensive review of the current development in the accounting profession, particularly in the financial accounting area. It is an in-depth study of financial accounting standards to date and deals with other contemporary issues in public accountancy. The course is intended to update the knowledge required for the uniform Certified Public Accountants (CPA) examination in the area of financial accounting and reporting. The course is very broad in scope and yet intensive in specifics, with an objective of reviewing a wide range of topics, such as pensions, leases, financial derivatives, comprehensive income, income tax allocation, bonds payable, cash flow statements, earnings per share, consolidation of financial statements, and other contemporary areas in financial accounting that are covered in the uniform CPS exam. 3 hours lecture.

ACCT 560 # - Accounting for Business Managers  3 Credits
Prerequisite(s): ACCT 530. Special fee. This course examines the use of accounting information for effective management of organizations in today's complex world of increased business competition and globalization. Managers in this context need to be proficient in using accounting information to monitor and control their organizations' performance. Major topics in the course will include designing and using accounting data for internal decision making and analyzing and using financial statements. Students will also learn a variety of techniques and tools for financial management processes including budgeting, cost analysis, performance management, and performance measurement and evaluation. 3 hours lecture.

ACCT 575 # - Independent Study in Accounting  1-3 Credits
Prerequisite(s): Departmental approval, MBA degree students only. Special fee. Under faculty guidance and supervision, this tutorial course is open to students who wish to pursue individual study and research in a particular discipline. Written permission of the appropriate department chair and the MBA director must be secured prior to enrolling in this course.

ACCT 577 # - Selected Topics in Accounting  1-3 Credits
Prerequisite(s): M.B.A. Degree students only. Special fee. An in-depth study of a selected topic, issue, problem or trend in accounting. The specific subject matter is not offered as an existing regular course or deserves more time-emphasis than is possible in a regular course. When offered, topics and prerequisites are announced in the course schedule book. 1 - 3 hours lecture.
