AFRICAN-AMERICAN STUDIES MINOR

The undergraduate minor in African-American studies is an interdisciplinary academic program designed to be complementary to any of the undergraduate majors of Montclair State. The African-American and African syntheses within the context of African, American and European culture are presented with their transcultural, interethnic and intellectual traditions—providing an appreciation of the heritage, arts, sciences and values on non-European and non-Euro-American groups. The African-American Studies program will also provide for Black students a greater knowledge of self, self-respect and self-esteem. African-American Studies for other students will build knowledge and awareness of African-American history, African-American culture and African-American people. Students who are interested in completing the requirements of the minor are urged to consult with the director about their programs.
