BUSINESS ADMINISTRATION MAJOR, FINANCE CONCENTRATION (B.S.) (COMBINED B.S./M.B.A.)

Our undergraduate finance curriculum is recognized by the CFA institute. The students will have sufficient knowledge to prepare for the CFA Level 1 examination upon completion of our program. The drivers of our cutting-edge finance program are financial practices, financial theories, and the integration of the two in investment banking, investment management, corporate finance, financial markets, and global financial management.

After several courses in investments, our best students can apply financial principles to the functioning of The Red Hawk Student Investment Fund, which gives them the opportunity to participate in the investment and management of a $200,000 portfolio.

The Feliciano School of Business’ Trading Floor prepares students by providing real world integration of concepts and practices in the financial markets. Our field trips to the Federal Reserve and the New York Stock Exchange allow students to leverage their knowledge of financial doctrine and its application. Our students have the opportunity to do internships at firms such as Merrill Lynch and TD Bank. Our graduates are employed by banks such as JP Morgan Chase and Deutsche Bank, corporations such as Polo Ralph Lauren, Coca-Cola Enterprises, and Samsung, and financial services companies such as Standard & Poor and Bloomberg.

This discipline is a training ground for many top managers in modern corporations, with studies showing that most top executives have a background in finance. This program provides students with an understanding of the financial implications inherent in virtually all business decisions. The departmental faculty has a diverse range of professional and academic experience to bring both a theoretical framework and real-world application into the classroom experience. We prepare our students for a career in finance suitable for all industries.

Program Requirements

Requirements for the graduate portion of this dual degree program can be found here (https://montclair-preview.courseleaf.com/programs/business-admin-graduate-combined-ba-mba/).

Students must complete General Education requirements (https://montclair-preview.courseleaf.com/undergraduate-graduate-degree-requirements/general-ed-ba-bs/) and World Languages and Cultures Requirements (https://montclair-preview.courseleaf.com/undergraduate-graduate-degree-requirements/world-languages-cultures-requirement/).
