

ECONOMICS MINOR

Overview

A minor in Economics will provide students with fundamental knowledge of microeconomics, macroeconomics, and data analysis techniques, to build a solid foundation to understand economic policies that are applied across the modern world. The intersection of economics with other disciplines in Science, Social Sciences, and Business make the minor in economics a complementary perspective for any chosen major program of study.

Admission Criteria:

Overall GPA – 2.0

Not available to students in Economics major or in the Asset Management concentration in Economics major
