

# FINANCE MINOR

A minor in Finance helps complement the studies of Business students who are not concentrating in Finance, but would like to add financial management knowledge and understanding to both their professional careers and their personal lives. The minor offers a cutting edge and versatile curriculum for students who either want

to work in areas that are closely linked to Finance, or are interested in personally investing in the financial markets.

## Admission Criteria:

# Overall GPA – 2.5

# Available only to the following Feliciano School of Business majors:

- Accounting
- Business Administration (except for the Finance concentration)
- Economics (except for the Asset Management concentration)
- Hospitality, Sports, Events, and Tourism
