

MARINE BIOLOGY AND COASTAL SCIENCES (B.S.) (COMBINED B.S./M.S. MARINE BIOLOGY AND COASTAL SCIENCES)

First Year			
Fall	Credits	Spring	Credits
GENERAL EDUCATION: (A) New Student Seminar		1 GENERAL EDUCATION: (C2) Literature	3
GENERAL EDUCATION: (C1) Writing		3 GENERAL EDUCATION: (C3) Communication	3
	4		6
Total Credits 10			

A Combined Degree program enables undergraduate students to enroll in graduate courses in their senior year, which can be counted towards the completion of both their Bachelor's and Master's degree requirements.

The ability to take these "swing courses" allows students to earn both their Bachelor's and Master's degrees in a shortened period of time, typically within five years. Undergraduate students interested in this option can find more information regarding program requirements on the University's Combined Programs website (<https://www.montclair.edu/combined-programs/programs-of-study/>).

Program Requirements

Students in this combined degree program must complete the requirements for:

Marine Biology and Coastal Sciences Major (B.S.) (<http://catalog.montclair.edu/programs/marine-biology-bs/>)

Marine Biology and Coastal Sciences (M.S.) (<http://catalog.montclair.edu/programs/marine-biology-ms/>)

Graduate Swing Courses

A combined degree program allows students to complete 6-12 graduate credits ("graduate swing courses") while enrolled as an undergraduate.

These courses count for both their bachelor and master's degrees.

Graduate swing courses will count toward undergraduate free electives, unless noted otherwise.

The Graduate Swing Courses for this program:

Code	Title	Credits
AQUA 551	Advanced Aquatic Biological Processes	3
BIOL 570	Ecology	3
EAES 505	Environmental Geoscience	3
or EAES 526	Geochemistry	
Total Credits		9

Recommended Roadmap to Degree(s)

This recommended five-year plan is provided as an outline for students to follow in order to complete their degree requirements within five years. This plan is a recommendation and students should only use it in consultation with their academic advisor.

Fifth year courses are taken at the graduate level, after matriculation into the graduate portion of this combined degree program.
